### “IF”

*If they say pain and loss produce character,  
Then mine should be beyond reproach by now  
But, it is not*

*However, it is so much more than it was  
Before incredible loss and limitation invaded my life so young  
There are many days just shooting for midnight is the best I can  
Manage*

*Never mind this “twenty-four hours” business,  
Today, I must take it one second at a time  
It is only mid-afternoon and I am already exhausted and drained  
Allowing myself the luxury of this; I settle into exploration  
What can I do with a half-broken body?  
When loss overwhelms, our truest self emerges*

*Learning to embrace this self has taken everything I have  
And all that I alone could not provide  
It appears that God, or whatever you wish to call it, has limited  
my bodily  
Functions*

*So that my mind and heart might be explored and tapped into*

*Perhaps you also feel overwhelmed right now  
Beset by physical, financial and emotional worries that you never  
had before*

*Concerns that seem to suffocate productivity, rational and hope  
Now, more than ever, is the time to sit back, take stock of the  
situation*

*Realize what can and cannot be altered, and  
Start with your attitude; which will never be beyond the reach of  
Amendment*

*Concentrate on what you are still capable of, or might be  
Explore the possibilities of what gifts may have emerged as a  
result of*

*Your constraints*

*Faith is born in struggle, and struggle indicates growth*

*When our bodies slow down and we are not lost in a frenzy of  
activity*

*Which suggests purpose*

*We discover other assets; and this truest self, with all of its ' gifts  
The hardest journey of all it to embrace yourself; whatever your  
condition*

*Only you can do it – and everything depends upon it  
Broken, disfigured or no longer comparable to whatever you  
were before*

*Before the war, accident, diagnosis or loss*

*Which has left you with more than you might believe at the  
moment*

*Create something new!*

*The spirit is never totally broken*

*We are all under repair and undergoing tremendous changes all  
the time*

*My road to recovery will always be under construction  
Put your constraints behind you and surrender to this new person  
remaining*

*Submit to the possibilities this new person affords  
My "limitations" have made me a stronger woman than I might  
have*

*Been otherwise*

*Resiliency, courage and enduring faith are never found in the  
Best of health and circumstance.*
